Lobbies Temporarily Closed Beginning March 19

Southwest Capital Bank continues to monitor the ongoing COVID-19 situation in New Mexico. We are very confident our team is taking all the right measures and working diligently to keep both customers and employees safe.

In an abundance of caution, beginning March 19, **we will be closing our lobbies at every branch location**. Customers will be admitted into the lobby by appointment only. All drive up windows will be operational and provide our normal full service transaction business. We believe these changes will help with potential community spread, along with ensuring we keep our branch employees healthy and safe.

We encourage all customers to use mobile and online resources whenever possible. If you need to conduct an in-person transaction, please visit our drive up windows located at our Mora, Pecos, Hot Springs, Mountain View, and Huning locations.

If you need to schedule an appointment to open a new account, apply for a loan, or access your safety deposit box, please call 505-243-1890 and your call will be directed accordingly.

Should you have any other questions or need assistance, our customer support staff is available at 505-243-1890, Mon-Fri, 8 am – 5 pm.

Have you tried these products?
